

Hi there! I'm **Joan**.
Welcome to my
PORTFOLIO

About Me

I am a highly motivated and enthusiastic architecture student with a deep passion for both design and technology.. My commitment to excellence drives me to complete all tasks with precision and creativity. Recently, I've embarked on a journey into the world of web development, eager to merge my architectural expertise with digital design. I am excited to blend my background in architecture with my growing proficiency in web development, contributing to innovative solutions and dynamic projects.

My Projects

MEDIUM HOUSING

This 20 minute neighborhood promotes sustainable, healthy, and inclusive urban living which is essential in planning our cities and urban areas

TIGONI VILLAS

This 4 bedroom villa was designed as a centerpiece collection for an upcoming estate in the suburbs of Kiambu.

SHELL NAKURU

The Shell stations emphasize a clean, well-designed layout plans that optimize traffic flow and ensure ease of use.
